

Introducing the Junior Deans

The Junior Deans are a key part of the Welfare Team at St John's and one of us will be on duty every night during term-time. You can get in touch with us via the Lodge or

Email: juniordeans@sjc.ox.ac.uk

Office Times: **Mon., Wed., Fri. 6 - 6.30pm at 15 St Giles, weeks 0-8.**

Razia Chowdhry

Hello all! I am a DPhil student in Interdisciplinary Bioscience. Apart from being in the lab, I enjoy spending time with family and friends. Please do suggest fantasy books to me as I always welcome recommendations. Hobbies include cooking and eating which means I also spend time in the gym. I scuba dive when I get the chance and sometimes do archery. I like to think I have a good tea collection but it's only the basics. Do feel free to say hello and have a chat!

Diala Al Masri

I am doing a DPhil in International Development and primarily focusing on economics. Last year, I finished my MSc in Economics for Development where I worked on the impact of war on education in Lebanon. I enjoy playing basketball, drawing and writing. Please feel free to reach out and get in touch whenever you like.

Introducing the Junior Deans

Barbara Souza

I am a DPhil student in the Department of Engineering Science. In my research, I am focusing on the development of novel biomedical applications for different nanocomposites. As a good Brazilian, I love playing football and futsal and I am always keen for outdoor activities, especially on a sunny day. I love cooking and trying new vegan recipes.

Do get in touch if there is anything you would like to chat about. Looking forward to meeting you all.

Kyle Davison

Hi, I'm Kyle. I'm reading for a DPhil in Education. My research looks at self-regulation, and help-seeking behaviour among primary school pupils. When I'm not teaching or studying in the department, I can be found in various states of capitulation on the squash court, walking in the company of my favourite podcasts, or drinking coffee in The Missing Bean. Do say hello!
